JUNE 20, 2011

Dear Bath Township Residents and Businesses:

Bath Community Day will take place this year on August 6, 2011 and once again, the committee is busy making preparations for this annual event. Speaking of the committee, we are a small but mighty group that has managed to produce this event for the community every year since 1998, but we would welcome new members. We meet the third Tuesday of each month from January through August, usually for little more than an hour. The return on your investment of volunteer time is definitely worth the effort. Please give serious consideration to joining our membership.

As we do each year, we are asking for the support of our local business community and our residents. We've borrowed a popular book title, "It Takes a Village" to emphasize the importance of participation. Indeed it does take all of us, and without your financial support, we would not be able to continue this important community event. Every contribution, no matter how large or small adds up. So please consider the value to your community and make a donation. Your name, if you wish, will be acknowledged in the Community Day flyer, on-site thank you boards and local newspapers. A contribution form may be found on our web site.

This annual community event has been well received and attended by not only our residents but friends from neighboring communities. Due to economic challenges, some of these communities have not been able to present their own annual events for the past couple years. We are fortunate here in Bath to receive the generous support of our residents and businesses which has allowed us to continue this day of celebration and camaraderie. Bath Township is genuinely proud of our entire community and we appreciate all that you do to help us with this event.

Please call me if you would like to discuss Bath Community Day further. You may also refer to our website for additional information, forms and schedule details as they evolve: www.bathcommunityday.com
